Bleed Size   18.5"w x 60.5"h

*Keep all critical text and images within the Art Safety Size to ensure visibility

Art Guidelines

Please follow these guidelines to help ensure your project is produced in a timely manner and with the best quality. Delays and/or additional cost may be incurred if art is not print ready.

PREFERRED ART FORMATS:
.PDF
.EPS
.AI
.PSD
.INDD package

RESOLUTION
75 - 100 dpi

DO:
• Use Adobe Illustrator, Photoshop, or InDesign
• Convert all fonts to outlines or rasterize type layers in Photoshop files
• Maintain all links and provide with the design files
• Convert files to CMYK mode

DON'T:
• Do not embed linked files
• Do not flatten layers in Photoshop files
• Do not flatten transparencies or other effects
• Do not use perimeter borders. Due to fabric stretch, we cannot guarantee an equal trim border.
• We recommend against using a primarily white background color to preserve a cleanly appearance.
